      </div>
    </div>
  </div>
</div>
```

Output

Modal Example

Open modal

| Modal Heading | × |

Modal body..

Close

Bootstrap Toast

Bootstrap Toasts are UI components used to display brief notification messages or alerts to users without interrupting their workflow. Toasts are often used to provide feedback or informational messages.

Toast Example

A toast is like an alert box that is only shown for a couple of seconds when something happens (i.e. when a user clicks on a button, submits a form, etc.).

In this example, we use a button to show the toast message.

Show Toast

Toast Header

Some text inside the toast body
